

EUNOS website report

The year was marked by the transfer the previous website to a The new EUNOS website.

<https://www.eunosweb.eu/>

A big thank you to Rawan Omary (CC), resident EUNOS member, who designed the website and implemented all the contents. It was filled in with the president text, pictures of the committee members, the donate text, the join us text.

Importantly, the website comes allows:

- Membership fee
- Address management (including membership directory)
- Event-Registration
- Newsletter
- Lecture repository
- Photo album
- Donations...
- etc. etc.

Next step would be to fill in the EUNOS meeting lectures, EUNOS meeting pictures, future meetings. Links to European country neuro-ophtalmology society websites could be proposed on the website.
