

The pressure of headache Thursday 12th October 2023 Inner Temple, London

Hosts: Professor Alex Sinclair and Professor Susan Mollan, University of Birmingham

08.30	Registration
	Highlighting research in headache and CSF disorders
09.00-	Professor Neil Miller (John Hopkins, Baltimore) and Dr Sui Wong (Moorfield and St
10.00	Thomas's, London)
10.00	e.g. MRI-ICP/SIH/Three misconceptions on OCT imaging of the optic nerve head/UK Trials
	update/Waveform data ICP
10.00-	Ocular Imaging, EDI, OCTA and Beyond
10.15	Professor Randy Kardon, The University of Iowa
10.15- 10.45	"This house believes visual snow is a form of migraine"
	Chair: Professor Dan Milea, Singapore Eye Institute
	Professor Clare Fraser, University of Sydney, Australia – 10 minutes
	Professor Francesca Puledda, Kings College, London – 10 minutes
	Summary and debate:
10:45	Coffee Break
11.15	Spontaneous intracranial hypotension
	Professor Manjit Matharu, Queens Square, London
11.45	Treating migraine, CGRP and the future
	Dr Brendan Davis, University Hospital Midlands and Chair of the British Association for the
	Study of Headache
12.15	Obesity and hormones in animal models of raised intracranial pressure
	Professor Nanna MacAulay, University of Copenhagen
13.00	Lunch
1400-	Animal models of headache mechanisms in raised intracranial pressure
	Animal models of headache mechanisms in raised intracranial pressure Miss Olivia Grech, University of Birmingham
1400-	Animal models of headache mechanisms in raised intracranial pressure Miss Olivia Grech, University of Birmingham The adult IIH hour
1400-	 Animal models of headache mechanisms in raised intracranial pressure Miss Olivia Grech, University of Birmingham The adult IIH hour Chairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen,
1400-	 Animal models of headache mechanisms in raised intracranial pressure Miss Olivia Grech, University of Birmingham The adult IIH hour Chairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark)
1400-	 Animal models of headache mechanisms in raised intracranial pressure Miss Olivia Grech, University of Birmingham The adult IIH hour Chairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark) How I manage typical idiopathic intracranial hypertension
1400- 1420	 Animal models of headache mechanisms in raised intracranial pressure Miss Olivia Grech, University of Birmingham The adult IIH hour Chairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark) How I manage typical idiopathic intracranial hypertension Professor Prem Subramanian, University of Colorado, Denver, USA
1400- 1420 1420-	 Animal models of headache mechanisms in raised intracranial pressure Miss Olivia Grech, University of Birmingham The adult IIH hour Chairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark) How I manage typical idiopathic intracranial hypertension Professor Prem Subramanian, University of Colorado, Denver, USA How I treat idiopathic intracranial hypertension headache
1400- 1420 1420-	 Animal models of headache mechanisms in raised intracranial pressure Miss Olivia Grech, University of Birmingham The adult IIH hour Chairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark) How I manage typical idiopathic intracranial hypertension Professor Prem Subramanian, University of Colorado, Denver, USA How I treat idiopathic intracranial hypertension headache Professor Alex Sinclair, Birmingham, UK
1400- 1420 1420-	Animal models of headache mechanisms in raised intracranial pressureMiss Olivia Grech, University of BirminghamThe adult IIH hourChairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark)How I manage typical idiopathic intracranial hypertensionProfessor Prem Subramanian, University of Colorado, Denver, USAHow I treat idiopathic intracranial hypertension headacheProfessor Alex Sinclair, Birmingham, UKTackling weight management
1400- 1420 1420-	Animal models of headache mechanisms in raised intracranial pressureMiss Olivia Grech, University of BirminghamThe adult IIH hourChairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark)How I manage typical idiopathic intracranial hypertensionProfessor Prem Subramanian, University of Colorado, Denver, USAHow I treat idiopathic intracranial hypertension headacheProfessor Alex Sinclair, Birmingham, UKTackling weight managementProfessor Sally Abbott, University hospitals Coventry and Warwick
1400- 1420 1420-	Animal models of headache mechanisms in raised intracranial pressureMiss Olivia Grech, University of BirminghamThe adult IIH hourChairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark)How I manage typical idiopathic intracranial hypertensionProfessor Prem Subramanian, University of Colorado, Denver, USAHow I treat idiopathic intracranial hypertension headacheProfessor Alex Sinclair, Birmingham, UKTackling weight managementProfessor Sally Abbott, University hospitals Coventry and WarwickThe paediatric hour IIH hour
1400- 1420 1420-	Animal models of headache mechanisms in raised intracranial pressureMiss Olivia Grech, University of BirminghamThe adult IIH hourChairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark)How I manage typical idiopathic intracranial hypertensionProfessor Prem Subramanian, University of Colorado, Denver, USAHow I treat idiopathic intracranial hypertension headacheProfessor Alex Sinclair, Birmingham, UKTackling weight managementProfessor Sally Abbott, University hospitals Coventry and WarwickThe paediatric hour IIH hourChairs: Mr Richard Bowman (Great Ormond Street, London) and Miss Sally Painter
1400- 1420 1420- 1530	 Animal models of headache mechanisms in raised intracranial pressure Miss Olivia Grech, University of Birmingham The adult IIH hour Chairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark) How I manage typical idiopathic intracranial hypertension Professor Prem Subramanian, University of Colorado, Denver, USA How I treat idiopathic intracranial hypertension headache Professor Alex Sinclair, Birmingham, UK Tackling weight management Professor Sally Abbott, University hospitals Coventry and Warwick The paediatric hour IIH hour Chairs: Mr Richard Bowman (Great Ormond Street, London) and Miss Sally Painter (Birmingham Children's Hospital)
1400- 1420 1420- 1530	Animal models of headache mechanisms in raised intracranial pressureMiss Olivia Grech, University of BirminghamThe adult IIH hourChairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark)How I manage typical idiopathic intracranial hypertensionProfessor Prem Subramanian, University of Colorado, Denver, USAHow I treat idiopathic intracranial hypertension headacheProfessor Alex Sinclair, Birmingham, UKTackling weight managementProfessor Sally Abbott, University hospitals Coventry and WarwickThe paediatric hour IIH hourChairs: Mr Richard Bowman (Great Ormond Street, London) and Miss Sally Painter (Birmingham Children's Hospital)How I measure intracranial pressure in children
1400- 1420 1420- 1530	Animal models of headache mechanisms in raised intracranial pressureMiss Olivia Grech, University of BirminghamThe adult IIH hourChairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark)How I manage typical idiopathic intracranial hypertensionProfessor Prem Subramanian, University of Colorado, Denver, USAHow I treat idiopathic intracranial hypertension headacheProfessor Alex Sinclair, Birmingham, UKTackling weight managementProfessor Sally Abbott, University hospitals Coventry and WarwickThe paediatric hour IIH hourChairs: Mr Richard Bowman (Great Ormond Street, London) and Miss Sally Painter(Birmingham Children's Hospital)How I measure intracranial pressure in childrenMr Ahmed Toma (Queen's Square, London)
1400- 1420 1420- 1530	Animal models of headache mechanisms in raised intracranial pressureMiss Olivia Grech, University of BirminghamThe adult IIH hourChairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark)How I manage typical idiopathic intracranial hypertensionProfessor Prem Subramanian, University of Colorado, Denver, USAHow I treat idiopathic intracranial hypertension headacheProfessor Alex Sinclair, Birmingham, UKTackling weight managementProfessor Sally Abbott, University hospitals Coventry and WarwickThe paediatric hour IIH hourChairs: Mr Richard Bowman (Great Ormond Street, London) and Miss Sally Painter(Birmingham Children's Hospital)How I measure intracranial pressure in childrenMr Ahmed Toma (Queen's Square, London)How I manage typical idiopathic intracranial hypertension
1400- 1420 1420- 1530	Animal models of headache mechanisms in raised intracranial pressureMiss Olivia Grech, University of BirminghamThe adult IIH hourChairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark)How I manage typical idiopathic intracranial hypertensionProfessor Prem Subramanian, University of Colorado, Denver, USAHow I treat idiopathic intracranial hypertension headacheProfessor Alex Sinclair, Birmingham, UKTackling weight managementProfessor Sally Abbott, University hospitals Coventry and WarwickThe paediatric hour IIH hourChairs: Mr Richard Bowman (Great Ormond Street, London) and Miss Sally Painter (Birmingham Children's Hospital)How I measure intracranial pressure in children Mr Ahmed Toma (Queen's Square, London)How I manage typical idiopathic intracranial hypertension Professor Grant Liu (Children's Hospital Philadelphia, Philadelphia)
1400- 1420 1420- 1530	Animal models of headache mechanisms in raised intracranial pressureMiss Olivia Grech, University of BirminghamThe adult IIH hourChairs: Miss Margaret Dayan (Newcastle) and Professor Steffen Hamman (Copenhagen, Denmark)How I manage typical idiopathic intracranial hypertensionProfessor Prem Subramanian, University of Colorado, Denver, USAHow I treat idiopathic intracranial hypertension headacheProfessor Alex Sinclair, Birmingham, UKTackling weight managementProfessor Sally Abbott, University hospitals Coventry and WarwickThe paediatric hour IIH hourChairs: Mr Richard Bowman (Great Ormond Street, London) and Miss Sally Painter(Birmingham Children's Hospital)How I measure intracranial pressure in childrenMr Ahmed Toma (Queen's Square, London)How I manage typical idiopathic intracranial hypertension
